Georgia Lany, Regarding Black-Draught, Relief From Headache, Misiario, Chille, Etc.

Ringrold, Gr .- Mrs. Chas. Gaston, this place, writes: "I am a user Thadlord's Black-Braught; in fact. it was one of our family medicines.
Also in my methors home, when I
was a child. When any of us children complained of headache, usually ren complained of beneather, usually valued by constitution, she gave us a doze of Einel-brandin, which would rectify the trouble. Often in the boring, we would have malaria and chills, or troubles of this kind, we would take Black-brandin pretty regular until the liver good well, and we would soon be up and around grain. We would not be without it, for it cartainly has saved us lots of doctor hills. Just a doze of Black-Braught when not so well saves a tot of days in bed."

Thodford's Black-Draught has been Thodord's Black-Draught has been in use for many years in the treatment of stounch, liver and bowel troubles, and the popularity which it now enjoys is proof of its morit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, billousness, constinction, indigestion, etc., and unless something is done, serious trouble may result.

trouble may result.
Theoford's Elack-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it insist on Theducture is better that the original and genuine. E 79

Miss Beatrice may be constrained to linger a while longer in the purlieus of Barbourville. The Cawn family, including Miss Beatrice, went to Loudon Sunday where they were the guests of Mr. and Mrs. Robson, Sam Michaelson of the Harlan store met them here and went to London with them. They report a delightful time:

Getting Rid of Colds.

The easiest and quickest way to got rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value proven. No matter what remedy you use, however, care must be taken not to contract n second cold before you have recovered from the first one, and there is perious danger of this. A man of middle age or older should go to bed and stay in bed until fully recovered. It is better to stay in bed three days at the start than three weeks later

THE MOUNTAIN ADVOCATE

The Student

The school girl or boy whose evenings are spent "Cramming" frequently finds that the continual application to their stud es tire their eyes, -often causthem to smart, burn, or produce a headache. In such a case it is often possible to avertall this trouble by wearing glasses when reading or writing. Perhaps your visior may be unimpaired but "Rest Glasses" should be used for close work to preclude their constant use in later years. The Eye, next to the Brain, is the most delicate organ of your body. It should be protected as your most valued possession' so dont hesitate to provide the aid of glasses, when needed. Many a seemingly dull child could match wits with "Bright" pupils if aided by proper glasses. If you must wear glasses, wear them in time. Delays are positively dangerous. "An ounce of prevention is worth a pound of cure." "Moral"

Let me examine your eyes Scientifically and prescribe the necessary lenses if needed or advise you what should be done.
